

**Job Title: Training Instructor**

**Location: Lincoln**

**Job Type: Full-time**

**Job Summary:**

Zzeus is seeking a dedicated and experienced individual to join our team. This role involves leading theory and practical courses primarily in Lincoln, with occasional travel required for courses held away from the primary location. The candidate must have experience in either teaching/coaching OR as a practicing Fire Alarm Engineer, but full training on the syllabus will be provided.

**Job Responsibilities:**

- Conduct training sessions for Zzeus products and services, focusing on theoretical knowledge and practical application.
- Develop and deliver engaging and informative training materials, including presentations, demonstrations, and hands-on exercises.
- Collaborate with the training team to continuously improve course content and delivery methods.
- Provide guidance and support to participants during training sessions, addressing questions and concerns effectively.
- Stay current with industry trends and best practices related to fire alarm systems and safety regulations.
- Assist in the development of new training programs and materials as needed.
- Occasionally travel to various locations when required to deliver training courses away from the primary centre in Lincoln.
- Represent Zzeus at the occasional industry event or exhibition.

**Preferred Qualifications/Experience:**

- Excellent communication and presentation skills, with the ability to convey complex concepts clearly and effectively.
- Demonstrated ability to engage and motivate participants during training sessions.
- Valid driver's license.
- Strong knowledge and practical experience in fire alarm systems and related technologies.
- Previous experience in teaching, coaching, or training.
